SERVICE PRICING & POLICY GUIDE

Base Rate Card for Dehradun & Uttarakhand — Internal Draft for Review

Effective Date: 16 September 2026 | Last Reviewed: 16 September 2026

This Service Pricing & Policy Guide (“Guide”) sets out Redsan Digital Pvt. Ltd.’s base pricing for its core services, benchmarked against current Dehradun and wider Tier-2 India market rates, along with the policies that govern how pricing is set, quoted, and revised. Figures below are starting/indicative rates for typical small-to-mid-sized local and regional clients; every engagement is ultimately scoped and quoted via a signed proposal or Statement of Work (SOW) as described in the Master Service Agreement.

DRAFT FOR INTERNAL REVIEW: This is a working pricing draft based on current Dehradun/Uttarakhand market benchmarking, updated to introduce business-stage packages (Section 2). Review and adjust figures before using this Guide, or an extract of it, in client-facing proposals.

1. Pricing Philosophy

- Base pricing below reflects Dehradun and Uttarakhand market conditions — generally 20–40% below metro-city (Delhi/Mumbai/Bengaluru) agency rates for comparable scope, in line with current market benchmarking.
- All monthly packages are starting prices for a single brand/location with standard scope; multi-location, multi-brand, or high-competition engagements are quoted individually.
- All prices are exclusive of GST (currently 18%), which is added at the prevailing rate on every invoice.
- Advertising spend (Google/Meta/LinkedIn budgets) and third-party pass-through costs (domain, hosting, licences, stock media, plugins) are always billed separately from the fees below, consistent with Sections 4.3–4.4 of the Refund & Cancellation Policy.
- Every engagement is confirmed via a signed proposal/SOW under the Master Service Agreement before work begins; the figures in this Guide are not a binding quote until confirmed in writing.

2. Business Stage Packages

Not every client is at the same point in their journey — a business just getting off the ground needs a different starting point than one that is already established and scaling. This section groups the detailed service menu (Sections 3–8) into three entry packages by business stage, so a prospective client can quickly see where they fit before a custom scope is built. Each package is a starting bundle, not a fixed catalogue item — actual deliverables and final pricing are scoped and confirmed in a signed proposal/SOW, consistent with Section 1.

2.1 Foundation — for businesses just starting out

For early-stage and first-time businesses that need a functional digital presence and basic support to get going, without committing to a full retainer.

Attribute	Details
Best for	New businesses, solo founders, and home-based or first-year ventures testing their digital presence

Attribute	Details
Starting price	₹5,000/month, scaling up proportionally as platforms, keywords, or content volume are added
Indicative deliverables	1 social media platform · 8–10 posts/month (Section 3 Starter tier, scoped down) Google Business Profile setup & optimisation Up to 5 target keywords · basic on-page SEO fixes Monthly performance snapshot
Add-ons	Extra platforms, keywords, or content pieces are added at the à la carte rates in Section 7, or by stepping up into a Growth package

2.2 Growth — for businesses ready to scale

For businesses that are already up and running and need more scalable support — both in execution and in preparing/organising their services for a wider audience.

Attribute	Details
Best for	Established local/regional businesses with existing traction that want to grow steadily and get hands-on assistance preparing services and campaigns
Starting price	₹10,000–₹12,000/month, depending on the mix of services and platforms selected
Indicative deliverables	2 social media platforms · 15–18 posts/month, including basic Reels/carousels Up to 15–20 target keywords · technical SEO check · 1 content piece/month Monthly strategy call · ad-account setup assistance (ad spend billed separately per Section 4) Priority turnaround on requests over Foundation
Add-ons	Additional platforms, keyword volume, or content are quoted from Sections 3–7, or the client can step up into Elite

2.3 Elite — for businesses that want quality output

For established, less price-sensitive businesses — and those in competitive industries — that prioritise premium creative quality, dedicated attention, and faster turnaround.

Attribute	Details
Best for	Established businesses in competitive industries, or any client that wants premium, high-quality output over the base scope
Starting price	₹18,000–₹20,000/month, depending on the mix of services and platforms selected
Indicative deliverables	3+ social media platforms · 25+ posts/month · high-quality Reels/video 30+ target keywords · full technical SEO · 2+ content pieces/month Dedicated account manager · weekly reporting Priority scheduling and fastest turnaround across all packages
Add-ons	Paid advertising management, e-commerce, or bespoke development are quoted per Sections 4–5 and layered on top

All three packages are starting points, not price ceilings. Figures scale up proportionally with scope using the per-unit and tier rates already set out in Sections 3–8 below; nothing here overrides those rates — it simply groups them by the client's business stage. Final scope and prices are always confirmed in a signed proposal or SOW.

3. Search Engine Optimisation (SEO / AEO / GEO)

Tier	Best For	Included	Starting Price
Starter (Local SEO)	Single-location small businesses, new websites	Up to 15 target keywords · Google Business Profile optimisation · on-page fixes · monthly ranking report	₹15,000/month
Growth	Established local/regional businesses seeking steady growth	Up to 30 keywords · technical SEO audit & fixes · 2 optimised content pieces/month · basic link building · monthly strategy call	₹30,000/month
Advanced	Competitive industries, multi-location, or e-commerce SEO	50+ keywords · full technical SEO · 4+ content pieces/month · structured link building · AEO/GEO optimisation · weekly reporting	₹55,000/month*

**Advanced-tier and e-commerce SEO (multi-category catalogues) are typically quoted between ₹55,000–₹1,20,000/month depending on catalogue size and competition; a custom quote follows an initial audit.*

4. Social Media Management

Tier	Platforms & Volume	Included	Starting Price
Starter	1–2 platforms · 12–16 posts/month	Content calendar · static creatives + captions · basic hashtag strategy · monthly report	₹18,000/month
Growth	2–3 platforms · 20–25 posts/month (incl. Reels/Carousels)	Content strategy · advanced creatives & copywriting · community management · monthly analytics report	₹35,000/month
Premium	3–4 platforms · 25–40 posts/month	High-quality Reels/video · full content strategy · community management · paid-ads coordination · weekly reporting	₹60,000/month

Each additional platform beyond the tier's included scope is charged at +₹8,000–₹12,000/month. Professional photo/video shoots (as opposed to edited client-supplied footage) are quoted separately under Section 7 (Content Creation).

5. Paid Advertising Management (Google Ads, Meta Ads, LinkedIn)

Monthly Ad Spend Slab	Management Fee	Notes
Up to ₹50,000/month	Flat ₹12,000/month, or 15% of spend, whichever is higher (min. ₹8,000)	Suits new/small accounts still building data
₹50,000 – ₹2,00,000/month	12% of monthly ad spend	Typical for growing SMEs running always-on campaigns
Above ₹2,00,000/month	10% of monthly ad spend (custom quote)	Dedicated optimisation & reporting cadence

- Ad spend is paid by the Client and billed/passed through separately from the management fee — it is never included in the fee above, per Section 4.3 of the Refund & Cancellation Policy.
- A one-time account setup fee of ₹5,000 applies for new accounts (campaign structure, pixel/Conversions API, conversion tracking setup).
- Minimum recommended ad spend for meaningful optimisation: ₹15,000–₹20,000/month (Meta) or ₹30,000/month (Google Search), reflecting current Dehradun/Tier-2 CPC benchmarks.
- 18% GST applies to ad spend paid through Google/Meta in addition to the platform cost.

6. Website & Application Design/Development

Package	Best For	Included	Starting Price
Starter	New/small businesses needing a simple online presence	5–7 pages · template-based responsive design · contact form · basic on-page SEO setup	₹30,000 (one-time)
Standard	SMEs wanting custom design & lead generation	8–15 pages · custom design on WordPress/equivalent CMS · lead-capture forms · basic SEO structure · speed optimisation	₹65,000 (one-time)
Advanced	Businesses needing bookings, portals, or rich functionality	Custom design · booking/enquiry systems · CRM/API integrations · advanced SEO structure	₹1,50,000+ (custom quote)
E-commerce	Online stores	Product catalogue (up to 100 SKUs) · payment gateway · shipping/tax setup · order management	₹1,75,000+ (custom quote)

- Domain and hosting are billed at actual third-party cost, or the Client may provide their own, per Section 4.4 of the Refund & Cancellation Policy.
- Ongoing website maintenance (updates, backups, security monitoring, minor content edits): ₹2,500/month or ₹25,000/year.
- Pricing above assumes content and brand assets are supplied by the Client; copywriting and photography are quoted under Section 7.

7. Content Creation (À la Carte)

À la carte rates below apply to standalone requests outside a retainer package, or where a Client wants extra volume beyond what is included in their SEO/SMM tier or Business Stage Package.

Deliverable	Starting Price	Unit
Static social media graphic	₹1,000	per piece
Carousel post (5–8 slides)	₹2,500	per piece
Reel/short-form video edit (client footage supplied)	₹3,000	per piece
Full video production (half-day shoot + edit)	₹20,000	per video
Blog/article writing, SEO-optimised (800–1,200 words)	₹3,500	per article
Website copywriting	₹2,500	per page
Ad copywriting (headline + body variations)	₹1,800	per ad set

- Bundled content volume (10+ pieces/month) qualifies for a 10–15% volume discount off à la carte rates — built into the SMM package tiers in Section 4 and the Growth/Elite Business Stage Packages in Section 2.
- Stock photography/video licences, when required, are billed at actual third-party cost per Section 4.4 of the Refund & Cancellation Policy.

8. Branding & Identity Design

Package	Included	Starting Price
Logo Only	3 initial concepts · 2 revision rounds · final vector + raster files (colour, mono, inverted)	₹18,000 (one-time)
Brand Starter Kit	Logo suite · colour palette · typography · basic stationery (business card, letterhead, email signature) · 1-page usage guide	₹45,000 (one-time)
Full Brand Identity System	Positioning & strategy · logo suite · full visual identity system · 30+ page brand guidelines · social & presentation templates	₹1,10,000+ (custom quote)

9. What's Included & Excluded, Across All Packages

Included by default

- Strategy, execution, and reporting as described per tier above;
- The revision rounds specified for that deliverable (see the Service Limitations Policy for how additional rounds/Change Orders are handled);
- A named point of contact and the reporting cadence stated for that package.

Excluded by default (billed separately, at actual cost, per the Refund & Cancellation Policy)

- Advertising spend/media budget on any platform;
- Domain registration, hosting, SSL, third-party software/SaaS licences, stock media, paid plugins, and paid API access;
- 18% GST on all fees and, separately, on ad spend where applicable;
- Professional photography/videography shoots, unless specified in the package;
- Work outside the agreed scope, which is handled as a Change Order under the Master Service Agreement.

10. Custom & Bespoke Pricing

The base rates above — including the Business Stage Packages in Section 2 — are starting points for typical single-location, standard-competition engagements. Redsan Digital's will scope and quote custom pricing above or below these bases depending on:

- Industry competition level (e.g., legal, finance, real estate, and education typically price above base due to higher competition and CPCs);
- Number of locations, brands, or languages to be managed;
- Content volume and production complexity (e.g., professional shoots, animation, multi-language content);
- Urgency/rush turnaround, which may attract a rush fee of 20–50% over standard pricing;

- Integration complexity (CRMs, booking systems, payment gateways, custom APIs);
- Whether a dedicated account manager or weekly (rather than monthly) reporting cadence is required; and
- Bundled multi-service retainers (e.g., SEO + SMM + Ads together), which are typically quoted at a 10–15% discount versus booking each service individually.

Every custom quote is issued in writing as a proposal or SOW, itemising scope, deliverables, timeline, and fees, before any engagement begins.

11. Payment Terms

Payment terms follow Section 5 of the Master Service Agreement: one-time project fees are payable in milestone-based instalments; monthly retainers are payable in advance of each billing cycle; invoices are due within 7 days unless stated otherwise; and all fees are exclusive of applicable taxes.

12. Discounts for Committed Terms

Commitment	Discount off Monthly Retainer Rate
Month-to-month	Standard rate (no discount)
6-month commitment	10% off listed monthly rate
12-month commitment	15% off listed monthly rate

Committed-term discounts are locked in for the duration of the term via the SOW; early cancellation is handled under Section 6 (Cancellation Policy & Notice Period) of the Refund & Cancellation Policy, and the discounted rate does not apply retroactively if the minimum term is not completed.

13. Price Revision Policy

- Base rates in this Guide are reviewed at least once a year, aligned to market benchmarking and cost changes.
- For active retainer clients, any price increase will be communicated at least 30 days in advance by email and will not apply to the client's current billing cycle.
- Rates for an active SOW remain fixed for the committed term agreed in that SOW (see Section 12); revised pricing applies only from the next renewal or the next uncommitted billing cycle.
- This Guide does not itself constitute a quote to any specific Client; the rates confirmed in a signed proposal or SOW govern that engagement.
